PRISONER ESCAPED.

Safe Keeping Which Was Not Safe.

ROCKLAND, Apr 26. John J. Carter, who was arrested by Sheriff Irish Thursday, was carried to Vinal Haven and placed under $400 bonds. No one going his bail he was placed in jail for safe keeping. Soon one gave him a screw driver with which he extracted thirty-eight screws from the door and escaped. He has not been heard from since.

FROM ROCKLAND.

Men will probably Work Nine Hours.

ROCKLAND, April 26. At a meeting of the Granite Association of Maine, held in this city last evening, the following resolution was unanimously adopted: That, after May 1, employers will give workmen the option of working nine or ten hours a day without any increase in price beyond that being paid.

RECEPTION AND BANQUET

On Board the Valencia.

ROCKLAND, April 26. The owners of the new steamer Valencia gave a reception and banquet at 6:30 this evening before her departure for New York. About 100 guests were invited.

THE FLOODED DISTRICTS.

Reports of the Condition Somewhat Exaggerated.

A Financial Calamity Fallen Upon Several Sections.

NEW ORLEANS, April 26. The stories of suffering and danger of loss of life in this overflowed district are, to say the least, premature. That a financial calamity has fallen upon a splendid section of Louisiana is unfortunately too true, but an attempt to color it with tragedy is manifestly absurd. Fortunately the water from the Morgan City crevasse falls in an immense uninhabited swamp less than 100 yards from the base of the levee, and it is sheer nonsense to suppose that it will overtake anyone who has not had ample warning of its approach. Its course will be largely through Atchafalaya and the people there by this time should be prepared for any emergency. The current statement that there has been a general surrender along the line of defence is wholly erroneous. There is not now nor is there likely to be the slightest danger to New Orleans from high water in the Mississippi river. The State Board of Engineers says "the city is as safe as it would on a high hill."

Efforts to Secure a Levee.

VICKSBURG, Miss., April 26. The crevasse on Lake Concordia is now 400 feet wide and 8 feet deep. Efforts are being made to secure the ends of the broken levee. No new breaks are reported. Yesterday the river fell 3 inches at Helena, about 5 at Arkansas City, 4 at Greenville and was stationary here.

The Flood in Texas.

NEW ORLEANS, La., April 26. A Fort Worth, Texas special says that heavy rains are reported throughout North and Western Texas. As many places the rain fell for the past 36 hours has been 3 inches and 9 inches since last Monday. Railway washouts are reported from every direction and on nearly roads trains have been abandoned indefinitely. The loss of the portion of the big iron bridge near Varn on the Denver, Texas & Fort Worth Road will necessitate the transfer of freight and passengers there for some time to come.

UNITED STATES PROTECTION

Petitioned for by Intimidated Non-Union Carpenters.

CHICAGO, April 26. A statement is published here to the effect that a meeting of non-union carpenters who have come here from other States was held last night to take steps to secure protection against intimidation from the strikers. A memorial was forwarded to Secretary Blaine as follows: We, your petitioners, of the city of Chicago, being tradesmen and bona fide citizens of the United States, now by intimidations, threats and actual violence are being prevented from following our avocations, to the great injury of ourselves and families, humbly petition the government of the United States for protection in the exercise of our constitutional rights, now denied by a mob of riotous outlaws, who defy the authorities, and who maintain a reign of terror over those who differ from them on the question of trades unions.

A CHURCH WRANGLE

Leads to a Sensation in a Connecticut Town.

STRATFORD, Conn., April 26. Sixty days ago the Congregational society assumed to endorse the proposition made by the pastor, Rev. Joel S. Ives, by which he hoped to lessen or wipe out the church debt. This action caused hard feeling between some members, especially against Deacons Samuel T. Houghton and Thomas Fairchild, who took a very conservative view of the matter. The day after the meeting the following notice, was found tacked on the church door:

This church will pay $100 for the corpse of Samuel T. Houghton and Thomas Fairchild.

This created a decided sensation about the village and both factions denounced a rigorous terms the Scandalous act. Deacon Houghton at once tendered his resignation to the church, while Fairchild secured the warning notice and placed it in the hands of a detective. The handwriting has been identified, and criminal proceedings will follow.

GARFIELD STATUE

Placed in Position at Cleveland.

CLEVELAND, O., April 26. The Garfield statue was placed in position on the monument yesterday. It is of Italian marble and is ten feet high. The dedication occurs on Decoration day.

NEW YORK.

Arrest for Counterfeiting.

NEW YORK, April 26. Detective Sergeant Hogan arrested here this afternoon, bringing Lemuel J. Hayden, who was indicted by the recent grand jury, charged with the counterfeiting of certain Letters Patent Revenue Stamps. Hayden was arraigned in Queens. All evidences was found against him and others are still at large. Local arrests are threatened. Hayden being unable to find bail was lodged in the [illegible]

A SENSATIONAL WEDDING.

Married to a Man Under Threats of Death.

The Bride escapes to the House of her Parents.

NEW YORK, April 26. A special from Fernandina, Fla., says that Mrs. Thorpe, a respectable widow and well known in society here, was married to G. E. Hubby a city council man, yesterday under startling circumstances. She says that during a drive with Hubby in the morning he drew a revolver and threatened to shoot her if she did not consent to marry him. After forcing her to consent he also threatened to shoot her at the altar if she made any objection.

During the ceremony Mrs. Thorpe dropped in a dead faint and Hubby, with every sign of devotion and distress, bent over her, placed a ring on her finger, and raising her to a sofa told the clergyman that the marriage was against her parents' wishes.

Soon after the ceremony, during the temporary absence of Hubby from the hotel, Mrs. Thorpe made her escape and fled to the house of her parents. A warrant has been issued for the arrest of Hubby.

SHOCKING ACCIDENT.

Two Young Ladies Killed and Two Fatally Injured.

LIMA, O., April 26. Thursday night, while returning from a trip to Lafayette, a party of young people met with a shocking accident near here. Their horses became frightened and ran into a stone wall, killing both of them and dashing the occupants against the stone abutments of a bridge. Two young ladies were instantly killed and two fatally injured.

NEW JERSEY.

A Disastrous Railroad Wreck—One Man Fatally Injured.

PLAINFIELD, N. J., April 26. A disastrous wreck occurred on the New Jersey Central railroad in this city last night. A Philadelphia & Reading coal train bound west broke in two near Fanwood station, and when reaching this city, on a down grade, the two sections came together with terrific force, completely wrecking twenty-four double sized coal cars. The wreckage covered the four tracks and travel was delayed until 3 o'clock this morning. One man was fatally injured.

SAN DIEGO, April 26. Six Chinamen have been arrested near here for crossing the line from lower California.

The Monmouth hunters' steeple chase was won by Weather Witch; Innisfail second.

The grand international steeple chase was won by Mr. P. J. Egan second.

Stanley Warmly Greeted.

LONDON, April 26. Stanley arrived at Dover this afternoon, and was enthusiastically received by the mass of spectators.

PERFECTION MAKES THEM LAUGH.

Housekeepers laugh right out when the grocery man shows them some unknown brand of soap, and tells them that it is the best, the cheapest and finer than ever soap was before. They laugh because well they know perfection cannot be improved upon, and as they know Brussels soap is perfection, both in its cleansing and its lasting qualities, they will have no other.

THE SPRING MEDICINE.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite-restoring which everybody seems to need at this season. Do not decide on a dull, tired, wearisome day, perhaps when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

ASK YOUR FRIENDS ABOUT IT.

Your distressing cough can be cured. We know it because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50 cts. and $1 at all druggists. Sample bottle free.
